

Kwik-File® Applications in Filing and Storage

Bremer Bank's newly built service center, located in the Twin Cities, has recently installed Kwik-File's Mobile Aisle 820 into their file center. With the use of Mobile 820, the file center is designed to store loan agreements, titles, and mortgage files cost effectively with the ability to expand as their business continues grow.

Is your filing taking up too much office space? You need to expand, but you're concerned about the economy? Let Kwik-File's Mobile Aisle 820 solve your filing headache. Mobile Aisle can triple your filing capacity versus conventional filing. Mobile Aisle tracks are non-grouted, so when you move it moves with you. Mobile Aisle's 820 heavy-duty construction can support up to 8000 lbs. per carriage. Kwik-File's design experts can offer you free reliable space planning. Our experts will help you increase your filing capacity (LFI) by offering you recommendations best suited for your needs. They will provide you with list pricing based on a 3-D layout of your space.
