Mayline Announces Aberdeen® Series Casegoods Now Available in Popular Gray Steel!

SHEBOYGAN, WI—April 20, 2015—Mayline has expanded their **Aberdeen®** casegoods line and is now available for immediate shipment in their popular Gray Steel finish.

The Aberdeen series is a complete product line that balances the look of wood with the performance and affordability of laminate. Textured glass and brushed nickel accents further enhance the upscale appeal, while technology-supportive features boost functionality. Elegant enough for the executive office, yet flexible enough for individual workspaces, conference rooms and reception areas, Aberdeen is the perfect furniture solution to meet your style and workspace requirements. Aberdeen is still available in Cherry, Mocha and Maple laminates as well as the new Gray Steel.

“The Gray Steel laminate finish has been very popular since we launched our Medina™ casegoods line last year, and we are pleased to offer this as an option for Aberdeen as well,” said Rod Ganiard, VP of Sales & Marketing.

The Aberdeen laminate series is available on Mayline’s Quick-Ship and Fast-Freight delivery programs. Find out more about Aberdeen [here](#).

About Mayline

Mayline has come a long way since it began as the Engineering Supply Company in 1939. Today we are one of the leading mid-market contract furniture manufacturers in the U.S., offering a complete range of office furniture and custom filing and storage solutions.
