### **Mayline Recognized by INDEAL for “Easiest Product to Install”**

**SHEBOYGAN, WI—June 16, 2014**—At the recent NeoCon 2014 show in Chicago, Dave Bloch, Co-Founder of INDEAL, presented an award to Mayline for having the “Easiest Product to Install”.

“We are extremely honored to be recognized for this award,” said Steve Coder, President of Mayline. “At Mayline we continue to strive to develop new products that are easy-to-order and easy-to-install, which in turn helps dealers make more money, and helps to differentiate Mayline from other office furniture manufacturers”.

INDEAL is an independent dealer association and adds value to dealers and suppliers in the contract office furniture industry. This award is based on the results of a survey that INDEAL conducted with their entire dealer network on several different criteria.

NeoCon is North America’s largest design exposition and conference for commercial interiors, annually attended by over 40,000 architecture and design professionals.

### **About Mayline**

Mayline is one of North America’s most versatile contract furniture manufacturers providing a complete range of products including desks and workstations, seating, tables, high density storage and filing, mail room furniture, veneer and laminate casegoods, technology furniture, drafting, architectural cabinets and tables, and bistro and cafeteria tables and chairs.
