Leadership Transition at Mayline

SHEBOYGAN, WI—June 27, 2014—Mayline recently announced a leadership transition, bringing Allan Klotsche on board as their new President and CEO.

For the last 25 years, Allan worked at Brady Corporation, a Milwaukee-based manufacturer of industrial safety products. His career spanned a variety of domestic sales and marketing roles before transitioning to the President of Brady Asia, managing Brady's portfolio of businesses across the region.

"I am excited to join the Mayline team with their rich history and breadth of product offering. As the office furniture industry continues to evolve, so will Mayline", said Klotsche. "I look forward to meeting with the key stakeholders across the office furniture supply chain to ensure we understand and exceed their expectations."

About Mayline

Mayline has come a long way in the last 75 years, starting as the Engineering Supply Company in 1939 and now one of North America's largest mid-market contract furniture manufacturers. Mayline offers smart furniture choices as diverse as collaborative and height-adjustable workstations, high-density storage and filing systems, specialty seating, veneer and laminate desks and storage, modular wall storage options, conference and training tables, technology furniture, large format and drafting systems, mail center furniture, and more. For more information please visit www.mayline.com.
