Mayline Expands Popular Medina™ Casegood Line!

SHEBOYGAN, WI—April 28, 2015—Mayline announces a product line expansion of their popular **Medina™** laminate casegood line to include straight line desks (as shown in photo), reception stations and also 12' and 14' conference tables.

Medina uses a smartly edited array of components allowing for a tremendous range of workplace configurations from traditional U-shaped to trendier open concepts. Desking options now include clean straight lines, in addition to the curved shapes Medina offers. Italian design influences are reflected by the floating work surfaces and beveled edges, offering a modern look for a modest price.

“We are excited to announce this product line expansion,” said Rod Ganiard, VP of Sales & Marketing. “Medina has proven to be very popular since we launched it one year ago, offering style and value that rests on our laminate expertise.”

Mayline has also announced two new laminate colors that will be available July 15, 2015: Textured Sea Salt and Textured Brown Sugar. This will result in five standard finishes for the Medina laminate line, ensuring harmony with other Mayline furniture and complementing most any décor.

The Medina laminate series is available on Mayline’s Quick-Ship and Fast-Freight delivery programs. Find out more about Medina [here](#).

About Mayline
