

Let's Play Ball!

End User: College Campus in Georgia

Issue: Needed storage for the baseball team's equipment

Solution: Mobile 1000™ with 4-Post Shelving

Whether storing hanging or folded uniforms or equipment like baseballs, bats, helmets and shoes, Mayline's high density mobile system is the key to improved storage!

Product Features:

- Double the storage space of traditional, stationary shelving.
- Centralized storage to allow team members to quickly access uniforms and equipment.
- Full-height bin dividers to create cubbies or bins for individual helmet and shoe storage.
- Wardrobe bars allow for hanging uniforms, jackets and jerseys.
- Deep, oversized and heavy-duty shelving accommodates heavy, bulk athletic equipment.
- Wire shelving options provide air flow for folded clothing and supplies.
- Rollout drawers provide convenient storage and organization for smaller items like socks, sunglasses, belts, and bubblegum.
- Easy-access incline ramp allows carts to be wheeled in and out with ease.
- Locking security allows staff to manage and control access to uniform and equipment inventory.

For high school or college level sport teams, Mayline's high density systems save space, save time, and save \$\$\$!
