Mayline® Introduces Sterling, a New Laminate Casegoods Line!

SHEBOYGAN, WI—July 23, 2015—Mayline® has officially announced the availability of **Sterling**, their newest laminate casegoods product offering.

Sterling reflects a bold design and is crafted with a contemporary décor in mind. The rich finishes of the textured laminate showcases the beauty of this complete line that includes desks, reception and conference furniture. Sterling brings with it three new laminate options: Textured Driftwood (shown above), Textured Mocha and Textured Brown Sugar.

“Over the past couple of years we have seen the popularity of our laminate casegood lines grow vs. the veneer options,” said Amy Kiefer, VP of Strategic Marketing. “We feel that **Sterling** is a great addition to our laminate casegoods product family and brings additional laminate options to our customers.”
