Moreover, all warranties are void for failure to follow these assembly instructions.由此产生的任何问题均不可挽回。
OPERATING INSTRUCTIONS FOR SYNERGO SLIDER MECHANISM

1. Seat Height Adjustment Lever.

To raise the seat, raise the lever upward and apply your body weight to slowly allow the chair to rise to the desired height. To lower the seat, raise the lever upward and apply your body weight downward. To lock the seat in the desired position, place one leg of the base between your feet, rotate the lever upward and slide seat to desired position. Release lever to lock seat.

2. Tension Control Knob.

To increase or decrease the tension, turn the knob clockwise or counterclockwise.

3. Seat Height Adjustment Lock Knob.

To lock the adjustment to the desired position, rotate knob clockwise.

Apply weight onto the back cushion and then lean forward. To unlock the adjustment rotate knob counterclockwise.
