CABINET /BELTWAY KIT EZCBK

ITEM QTY DESCRIPTION
A 2 CLADDING ASSEMBLY
B 2 BELTWAY BRACKET
C 4 CABINET BRACKET
D 4 1/4-20 X 1/2 HX HD CAP SCREW
E 16 #10 X 3/4 PPH PARTICLE BOARD SCREW
1. Fasten item C cabinet bracket to the back of the cabinet as shown. The bracket should be 8.75 inches from the side and 5.50 inches from the top.

2. Repeat for other side.

Note: Smaller beltways can be attached to single cabinets. Attach brackets as shown to same cabinet.

3. Slide the beltway bracket between the two cabinet brackets as shown above.

4. Loosely attach using the 1/4-20 Hex Cap screws. Do not tighten at this time.
5. Align the beltway over the cabinets and connect using the connection bolt and nut supplied with the beltway.

6. Tighten all screws and nuts.

7. Replace the cladding on the end of the Beltway as shown below.

Note:
Cabinets can be fastened together for added stability. Screws are not supplied.
