---

**Shown in SCR Finish**
3

Adjust door alignment as necessary by using the adjustable screws on the hinges.

Adjust assembly and adjustments are complete.

Attention: Screw "B" should only be used by the end user after all hinges are installed.

Proper Care of Wood Surfaces

1. Provide adequate and continuous ventilation. Proper ventilation helps prevent moisture buildup and mold growth.
2. Avoid exposure to direct sunlight, which can cause warping or discoloration.
3. Avoid exposure to extreme heat or cold, which can cause warping or cracking.
4. Avoid excessive moisture or humidity, which can cause swelling or warping.
5. Avoid placing heavy objects directly on the wood surface.
6. Avoid using harsh chemicals or abrasive cleaners on the wood surface.
7. Avoid using water or water-based products directly on the wood surface.
8. Keep the wood surface dry and clean.

Finish Color Matching

Different wood species have unique characteristics and can vary in color and grain. Always check samples before finalizing your selection to ensure a consistent finish.
