

Mayline Seating Care Guidelines

Standard Upholstery Fabric and Mesh Chair Backs

For Regular Cleaning:

Lightly brush/vacuum vertical and horizontal surfaces to prevent dust and soil build-up. Spot clean with a mild soap and warm water solution. Dry with a soft, lint free cloth.

For Spills and Stains:

Clean immediately. Remove as much of the stain from the surface with a clean cloth. Vacuum surface, gently brush or scrape off the stain material or soak up any excess liquid from a spill. Spot clean with a mild soap and warm water solution.

Graded-In Momentum Fabrics:

Refer to https://www.themomgroup.com/momentum_textiles.shtml for specifics on each fabric.

Chrome, Aluminum and Paint/Powder Coat Finishes and Frames:

Clean as needed with standard household cleaner (such as Fantastic® or 409®) and wipe dry with a clean, soft cloth.

Standard Chair Maintenance:

Every 6 months, tighten the bolts and screws on your chair. Maintenance should be more frequent if chair is subject to heavy use.

Disclaimer:

These are suggested methods of cleaning and care for standard upholstery fabric and mesh on Mayline's seating products. Mayline is not responsible for damage incurred while cleaning or maintaining your seating product. Always try the cleaning method in a hidden area first to check results.
